

Woodcraft Sourcing Program

PROGRAM DESCRIPTION

Woodcraft is a trusted, leading retailer in woodworking today. With over seventy stores and a growing online presence, they are growing their assortment to meet the needs of their established customer base. On the woodcraft website, carpenters and DIY enthusiasts can purchase products with the reassurance that the experienced buyers at Woodcraft sell high-quality wood and woodworking products, and have been doing so since 1928.

PROGRAM GOALS

Woodcraft has partnered with SPS Commerce to streamline their onboarding process for dropship order fulfillment. Vendor partners are expected to connect electronically to process orders and provide visibility into order status. Electronic trading ensures a seamless buying experience for the Woodcraft shopper.

IDEAL VENDOR

The ideal supplier should carry over 50 SKUs in categories that fit into the retailer niche of wood and woodworking products. Vendors must be able to ship to the end consumer and respond to orders within 24 hours. Vendors should be based in the United States, and collaborate with their buyer to provide a high
